

HOM VERS

Office Collection 200

ABOUT PRODUCT

With the pandemic, teleworking was the solution for many companies and workers, it has come to stay with us since the advantages are many: we save time, transportation, costs, reconciling work and family life..., which has forced change our houses to adapt them to the new situation.

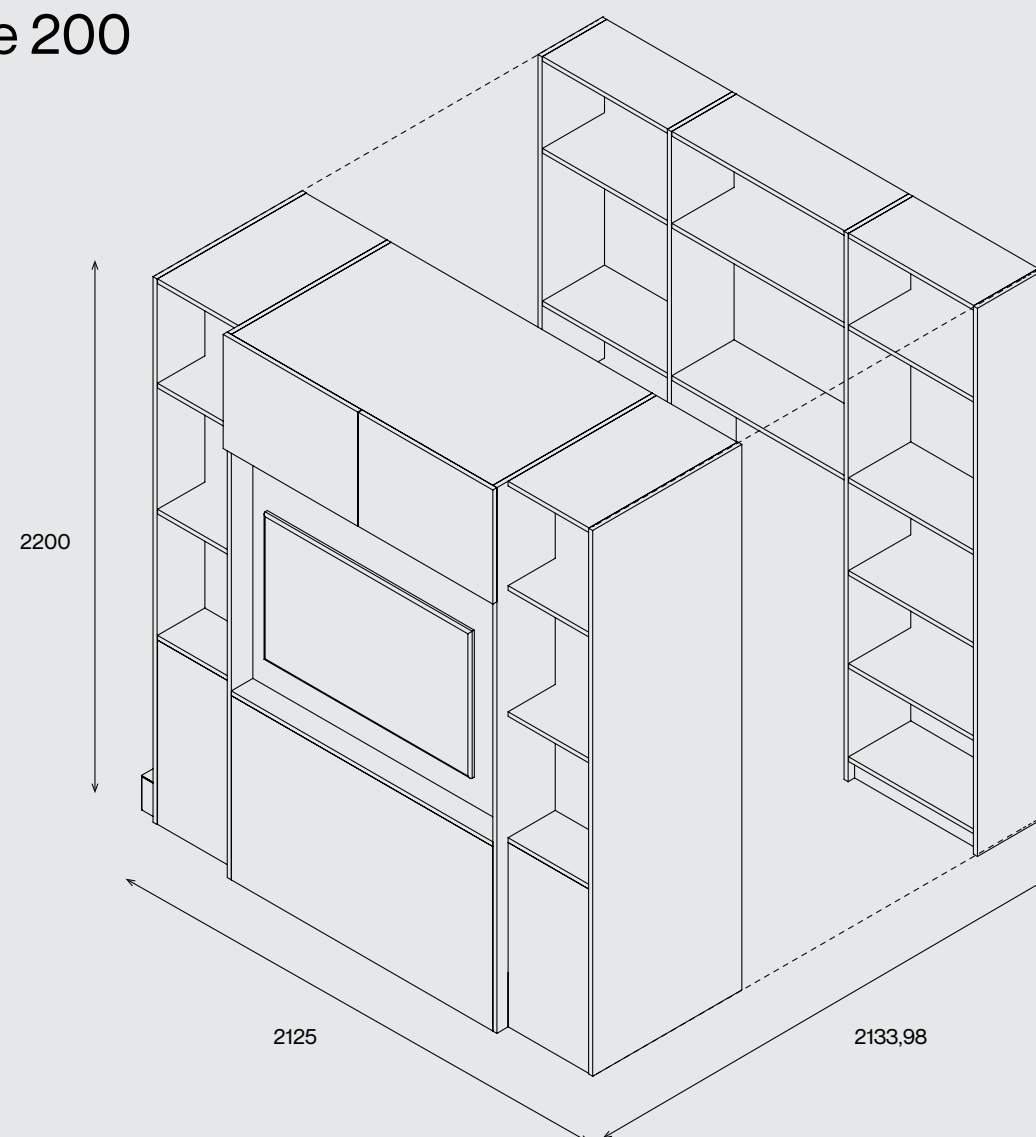

For this reason and the increase in workers from home, Homvers has designed this collection as the optimal solution to be able to differentiate leisure and work spaces at home.

And all this just by pressing a button on the control panel integrated into the furniture or with our App, installed on your mobile-phone.
